# UPGRADE YOUR NORMAN EMAIL PROTECTION

HOW TO GET MORE OUT OF YOUR EMAIL SECURITY

NEP is modusGate: Here are updates you may have missed

modusGate has evolved. Here's some of the powerful updates you may have missed:

- **modusGate 6.1:** Improved SCA engine with lower false positives
- **modusGate 6.2:** New Avira and Bitdefender Anti-Virus, support for Exchange 2016.
- **modusGate 6.3:** Targeted Phishing Protection and SPF improvements.
- **modusGate 6.4:** DMARC, SPF and DKIM capabilities to prevent spoofing and maintain domain reputation.
- **modusGate 6.5:** VIP Display Names, URL Protection, a new Threat Dashboard and more!

Why Trust Vircom Going Forward?

Vircom has over two decades of experience delivering powerful technology with compelling customer service, offering maximum value to our customers. Some of the benefits of working with Vircom include:

- **Major Partnerships** across Europe and the United States to serve customers the way they prefer.
- **24/7 support for critical issues**, meaning you're never left wondering when something will get fixed.
- **Advanced Technology** that maximizes the authenticity of your organization's email, stopping fraud and risks to your users.
